# INNOVATION SOLUTIONS RESULTS

## CORPORATE OVERVIEW

Innovative Consulting & Management Services (ICMS) is Professional & Technical Management Consulting firm with over 25 years of consulting experience. We offer technical consulting services to Federal and State Governments, and commercial entities across the world. We deliver value to our clients by combining deep industry knowledge with strong functional capabilities. Whether it's the management of business operations to assist an agency in achieving their core mission, technical support services to help agencies navigate complex technology issues, designing strategies to support an agency's mission operations, or the need for professional and administrative personnel staff to support ongoing agency needs, ICMS can leverage its 25 years of government experience and business innovation to help agencies meet their mission goals.

## INNOVATION

ICMS creates value in the federal market place by focusing on three key elements in its approach to providing first class services to its clients:

- **Customized adaptable solutions:** ICMS builds on its proven core capabilities by fine tuning solutions to adapt to the specific needs and requirements of its clients. No "cookie cutter" solutions
- **Client Centric Focus:** ICMS vigorously engages with its clients and maintains client intimate relationships which enhances its quality of services and reduces risk, turnover and transition time
- **Create Client Value:** ICMS strives to not only meet performance expectations but to exceed and become a "value added" service to our clients

## MANAGEMENT SERVICES

ICMS provides business services in following key areas:

- **Human Capital Solutions**
- **Workforce Management**
- **Administrative Support**
- **Technical Support**
- **Financial and Budget Support**
- **Program and Project Management Support**
- **Strategic Planning**

## RESULTS

We exceed our client's expectations by maintaining our focus on agencies goals.

## SUCCESS STORY

ICMS was tasked to develop business management policies, establish quality and risk level control standards, analyze budgets, initiate and manage spending plans, and provide project management support services to ensure the operations of mission critical NOAA assets. As part of this task ICMS also developed staffing plans with program and project managers, budget analysts, attorneys to manage multiples leases and to respond to FOIA requests. Furthermore, ICMS manage multiple vendors to correct numerous environmental issues and building deficiencies due to a lack of response from the landlord. ICMS was responsible for managing multiple tasks involving interior and exterior infrastructure projects, mechanical systems and building structure analysis, and developing indoor air quality and facility management processes.
